President's Message

The 10th District has 12 General Clubs, 2 Junior Clubs and 1 Juniorette Club. We are happy to report that all are going strong! Thanks to Margaret Cole, former and current Director of Junior Clubs, our 10th District Juniors are now more engaged with the District. Several of them modeled at our annual Ways & Means Fashion Show Fund Raiser! Margaret also keeps the District advised of their activities in a timely manner, both through announcements in our District newsletter and at our District Board meetings. Our General Clubs community activities include making "welcome" kits for clients of domestic abuse centers, visiting the elderly in nursing homes and hosting birthday parties with cake, ice cream and gifts donated by club members. They continue to generously donate their time and monies to support a wide range of worthy local, national and international organizations, including: Operation Smile, Heifer International, The American Indian Center, The Illinois Humanities Council, Reading Power, Inc., Habitat For Humanity, United Way and many, many others to the tune of over 42K. Our District Fund Raisers included: Fashion Shows, Book Sales, Card and other games, Calcutta drawings, Musical Programs, Hat Raffles, 50/50 Raffles and Silent Auctions. The proceeds from these efforts support philanthropies and numerous scholarships. All of our clubs are awesome! The 10th District annual Ways & Means Fashion Show/Board Meeting/Luncheon was a success earning over \$2,000 to support our District. The 10th District President's Special Emphasis: Prevent Sexual Abuse, benefits the Zacharius Sexual Abuse Center in Lake County with the proceeds from our club year's monthly 50/50 raffles. Our District is unique in that we host an annual Program Auditions Board Meeting/Luncheon, sadly discontinued on the state level. Our 10th District Program Chair, Carol Behm, has assembled yet another stellar lineup for this club year's meeting. Please remember that all

are welcome to attend this annual February event!

President Elect ~ Marty Butler

The Appointments Committee will meet soon to begin its work of filling the various non-elective positions in the 10th District 2012-2014 administration. It is my hope that each of you, when called upon to serve in one capacity or another, will respond with a resounding "Yes, I'll be glad to!" The current and past administrations have raised the bar high, so the 2012-2014 administration has a huge challenge to do as well. I am confident this challenge can and will be met through the efforts of the many talented club members within 10th District. So, please be a willing team member when tapped to take on a responsibility, large or not-so-large, to help accomplish great results.

Vice President ~ Membership ~

Linda Anne Valentino

Please let me know if a member of your club has passed away so that they can be remembered.

QUESTION:

Must debate on a motion stop immediately as soon as any member calls for the question?

ANSWER:

It is a fairly common misconception that, after debate has continued for some time, if any member shouts out "Question!" or "I call the question!" debate must immediately cease and the chair must put the pending question to a vote. This is simply not the case. Any member who wishes to force an end to debate must first obtain the floor by being duly recognized to speak by the chair, and must then move the *Previous Question*. Such a motion must be seconded, and then adopted by a two-thirds vote, or by unanimous consent. It is not in order to interrupt a speaker with cries of "Question" or "Call the Question, and even if no one is speaking, it is still necessary to seek recognition.

Health – Jo Galassini

Spices Your Body Wants.

Turmeric ~ Its yellow tint makes your food look enticing, but turmeric's biggest selling point is that it contains curcumin, which may ease headaches, act as a decongestant, help reduce allergy symptoms, and ward off colds. "It seems to be as effective as some drugs for certain conditions," said Bharat Aggarwal, PhD, professor of experimental therapeutics at MD Anderson Cancer Center in Houston.

Cumin ~ Ground or whole, this seed is rich in vitamins A and C and is thought to help fight off sinus infections and colds, says Aggarwal, author of the new book *Healing Spices*.

Peppermint ~ It's a powerful anti-inflammatory, Aggarwal says, and may soothe a sore throat and reduce coughs and congestion. Use it for tea, or mix it into yogurt and chutney.
